HOW DOES LEVEL FUNDINGSM WORK?

- Employer pays **pre-set level payments** (maximum costs) each month
- Regardless of claim activity from month to month, employer **costs do not fluctuate** (except to adjust for enrollment shifts)
- Employer and broker can view **monthly claims reporting** and assess expected surplus throughout the year
- To fund claims after termination, Terminal Funds are assessed; Terminal Fund pays for costs related to run-out claims; no additional fees due
- In month 16, when client renews, the employer receives their portion* of the claims funding surplus
- The employer's surplus share percentage will be determined up front, at either 1/2, 2/3 or 100%*

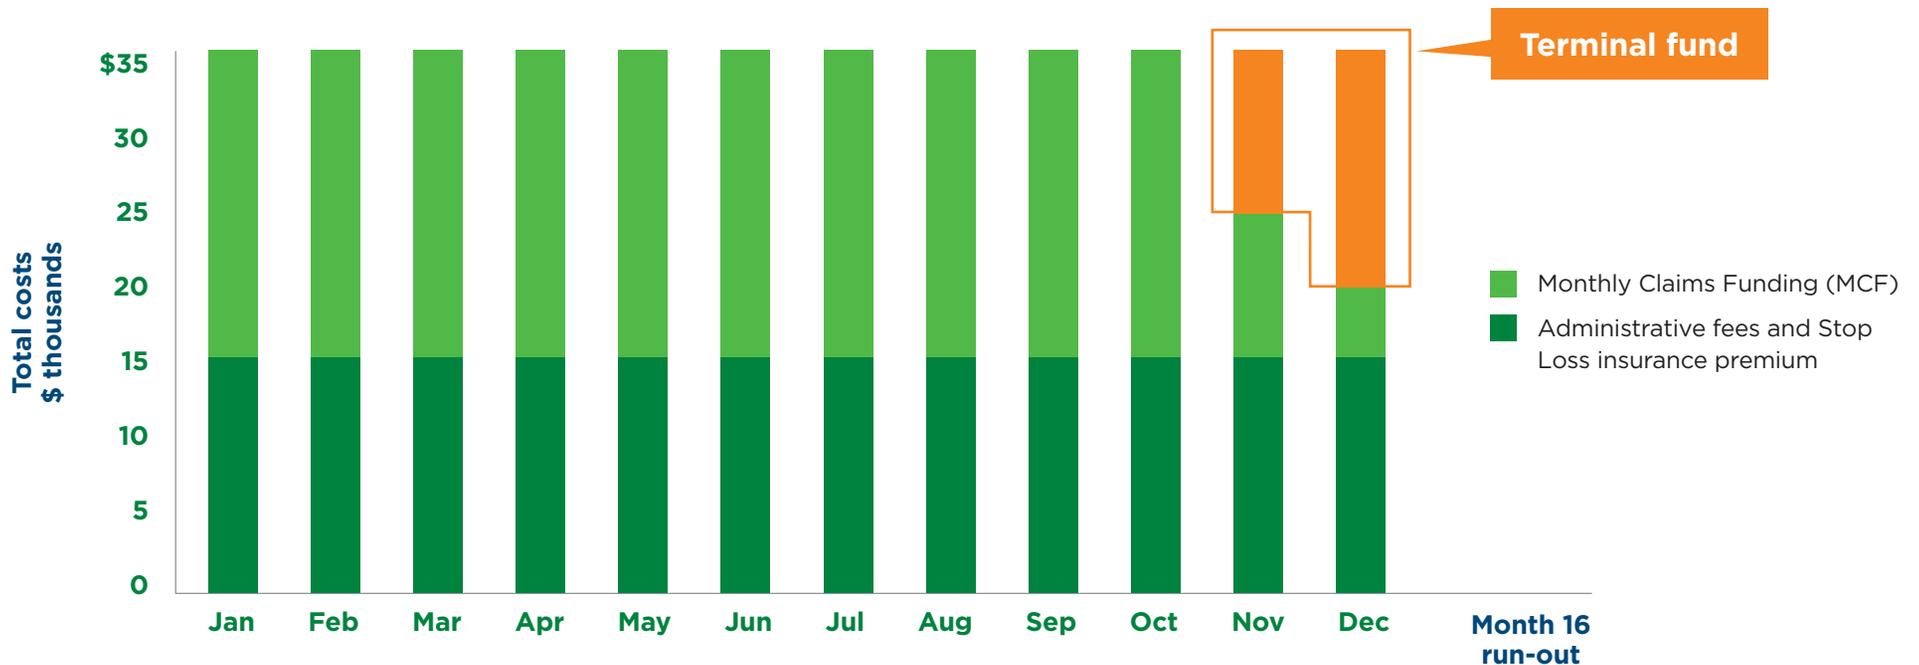

Chart is for illustrative purposes only. Actual plan terms will vary.

* Surplus is not guaranteed and is given as an administrative fee credit.
